Our Revenue model

Our vision is to foster collaboration within the blockchain community, offering everyone the opportunity to thrive together. Through our smart contract, we **enable profit-sharing with two partners and affiliates**.

Each **mint** transaction allows us to allocate a percentage of revenue to Partner 1 (ecosystem), Partner 2 (brands, explorers, VCs, etc.), and the ZNS Treasure.

Additionally, 5-25% of revenue is allocated to users who use a referral link, even before reaching our partners.

This inclusive approach invites everyone to **join the ZNS family**, benefiting from referral incentives, ecosystem growth, and exclusive partnerships.

Affiliate for users

Get rewarded for bringing friends on board! With our referral program, earn rewards based on the number of successful referrals:

1 referral:
5% reward

10 referral:
10% reward

30 referral:
15% reward

60 referral:
20% reward

100 referral:
25% reward

Additionally, in our smart contract, we offer the flexibility to set up custom referral links with the option to allocate any percentage from referral sharing.

```
// 1 invites - 5%
// 10 invites - 10%
// 30 invites - 15%
// 60 invites - 20%
// 100 invites - 25%
uint256[5] referTicks = [500, 1000, 1500, 2000, 2500];
